

PART THREE:
A NEW PENTECOST

As I sit here, I am pondering some thoughts that The Holy Spirit has been placing in my heart for the past month or so. The thoughts are related to a comment that Our Lady made through a special message at **Holy Love Ministry** (<http://www.holylove.org>). Here is the part of the heavenly message:

May 5, 2009

Blessed Mother:

"Today I reveal to you for the first time, that the Flames above the heads of the apostles on Pentecost were sparks of love from My Heart of Holy Love. It is through these Flames that the apostles were able to proclaim the good news with Holy Boldness. So today I invite you to spread the good news of the Gospel message of Holy Love with the same Holy Boldness."

* * *

When I initially encountered this message, it struck me, because I could not understand how the tongues of fire at Pentecost came from the Immaculate Heart of Our Blessed Mother. Because physically, the Blessed Mother was with the apostles on earth in the upper room in Jerusalem. Yet, the flames of The Holy Spirit came down from Heaven by God.

I also read these subsequent two messages from St. Thomas Aquinas at Holy Love Ministry that discussed further this spiritual event. They made me ponder even further this mystical reality.

St. Thomas Aquinas says:

"Praise be to Jesus."

"You are questioning the statement given by Our Lady on the Fifth--the statement being that the Tongues of Fire above the apostles on Pentecost were a Spark from Her Heart--the Flame of Holy Love. To understand this, you must delve into the theology of the Complete Image of the United Hearts."

"There are many aspects to this. First of all, remember the Holy Spirit and Mary were united at Jesus' conception; that is, the Holy Spirit overshadowed Our Lady at the conception. At Pentecost the Eternal Father allowed a small Spark from Mary's Heart to be united once again with the Holy Spirit."

"Also, remember that the Immaculate Heart is God's Holy and Divine Will--so is the Paraclete. So then, in this mystical union in God's Will, They were One at Pentecost."

"In the Complete Image of the United Hearts, the Flame of Holy Love and the Flame of Divine Love are encapsulated in the Light of the Holy Spirit. They cannot be pulled apart--the union is mystically perfect. Therefore, where the Holy Spirit is acting, Holy and Divine Love are present as well. This is the Divine Will."

"It will take theologians ages to sort this out. Therefore, do not try to resolve it tonight."

St. Thomas Aquinas says:

"Praise be to Jesus."

"I have come once again to speak on the topic I expounded upon last night, mainly the interaction of the Divine Will and the union of the United Hearts pertaining to Pentecost. Don't worry if you can't grasp this information; just write down what I say."

"Paternal Love, which is the Heart of the Father, is united with Divine Love--Jesus' Sacred Heart and Holy Love--the Immaculate Heart of Mary. These are All the Eternal Divine Will. When One is acting, All are. None can act or have essence outside of the Divine Will. Paternal Love gives the Light of the Holy Spirit, which encapsulates Holy and Divine Love. So then, the Tongues of Fire on Pentecost, which were the visible presence of the Light of the Holy Spirit, encapsulated Holy and Divine Love; thus, Our Lady's statement that the Tongues were a Spark from Her Heart."

"A spark is only a small portion of a flame, but enough to ignite other flames. Certainly, Holy Love was a part of the tradition of Holy Boldness in the apostles' hearts after Pentecost."

*

*

*

Now, I am not a theologian or a learnt student of Holy Scripture. And when St. Thomas Aquinas said, *"it will take theologians ages to sort this out. Therefore, do not try to resolve it tonight,"* I thought to myself, I'll never understand this as it is too mystically in-depth for me.

St. Thomas Aquinas even said in the second message, "*don't worry if you can't grasp this information; just write down what I say,*" and so, even though, I knew this comment by Our Lady was important, as it would not have been revealed unless it meant something important, I simply filed it away in my mind as a question of faith that might never be answered for me while on earth.

Yet, The Lord Is Good to me. He always answers my prayers, even if, it takes years-in-the-making for the answer. And so, for the past month or so, The Holy Spirit has been answering this question of mine in my heart. And so, I desire to share with all what has been revealed to me. The answer lies in a locution given by Our Lord (**The Locutions**, <http://www.locutions.org>). Here is it:

**"Manifestation to Mary"
September 2, 2012**

Jesus

"There was a unique moment of my glory when I manifested my glorified presence to my mother. This is not recorded in Scripture because it was so internal to her spirit. Because the disciples needed bodily visions, I appeared to them to convince them of my rising from the dead. My mother did not need this. She was ready for the highest manifestation of my glory in the deepest part of her soul. This slightest touch of God effects greater glory than many lower gifts, like bodily visions."

"Such it was with my mother and this experience cannot be described in words. Also, it is continuous and constantly growing. She went from glory to glory, a glory unknown to men and angels. She was totally hidden in me, arriving at the center of my heart. From the time of my resurrection to the time of her Assumption there was a continuous growing union of our spirits. This happened only after my human nature entered into its glory. These secrets will be on display for all to see in heaven, where every human being enters into the union between myself and my mother. How else can anyone be born to eternal life? She is the mother of all the living."

*

*

*

And when I read this locution from *Jesus*, The Holy Spirit gave me the gift of understanding this locution in relationship to the message from Our Lady about Pentecost at Holy Love Ministry. It is a blessing that I desire everyone to share in. As I explained in Part Two, Our Lady's role in the Redemption of humanity cannot be undervalued or underrated. She had a uniquely special role at The Crucifixion. The Blessed Mother's role in The Divine Plan of Our Lord is critical to understanding the role She continues to have today in this, *The End Times*, as well as in the age to come. *Truly*, without Our Lady, salvation history would not be possible.

At the Resurrection of Our Lord on Easter Sunday, because of the unique Union between Our Lord's Most Sacred Heart and Our Lady's Immaculate Heart, a Union that has been revealed through Holy Love Ministry, Our Lady entered into Her Heavenly Glory, in Union with Her Son, when *Jesus* glorified His humanity through the Resurrection. This unique grace and privilege was bestowed on Our Blessed Mother, because of her participation and cooperation as *Co-Redemptrix* of mankind.

Mystically, Our Lady experienced the "highest manifestation" of Christ's Resurrected Glory in the "deepest part" of Her soul. A Glory that is so High and so Perfect that it is "unknown" to all men and *even angels*. A Glory that is continuous and constantly growing. A Glory that takes place from Glory to Glory in God. A Perfect mystical Union with and between The Three Divine Persons of The Most Holy Trinity.

And when I understood that Our Lady entered into the Heavenly Glory of God in the Resurrection, I then understood in perfect clarity how the Divine Flames of the Light of The Holy Spirit at Pentecost came from the Immaculate Heart of Our Lady. Just as the Image of the United Hearts at Holy Love Ministry tries to portray, the Immaculate Heart of Our Lady *Is One* with the Hearts of The Most Holy Trinity.

What St. Thomas Aquinas said at Holy Love Ministry is True. When The Holy Spirit overshadowed Our Lady at the conception of *Jesus*, both The Holy Spirit and Our Lady entered into a mystical marriage so High, so United, and so Perfect, as to never be separated ever. And from The Locutions, it has been revealed that the Renewal of the face of the earth will take place through the workings of The Holy Spirit in the Immaculate Heart of Our Lady.

"Age of the Holy Spirit"

May 10th, 2013

Jesus

"I want to speak of the Holy Spirit, sent by the Father, in my name. He now lives and dwells with mankind. Although hidden from human eyes, he manifests himself constantly to those who know him and invite him to act. He manifests himself sometimes among those who know him but have little devotion to him. He hides himself from everyone who rejects me."

"All of that will change because the Age of Mary is really the Age of the Holy Spirit. The two are so closely joined, that one cannot be present without the other. This is the mystery being revealed now. The Spirit has chosen to take up his permanent residence within Mary. She is the Spirit's spouse, where he always stays. From her Immaculate Heart he pours out his divine fire."

Mary

“When my spouse, the Holy Spirit, came upon me to conceive Jesus, he grasped me and held me. He took me as his bride, like the proudest bridegroom on his wedding day. Since then, we have never separated. He has made his temple in my heart. From there, he has sanctified the Church and the world. Now, the mystery has to be revealed because the world so needs his divine fire. Where will you find God’s Spirit, O world? He waits for you in my heart. He goes out to you from my heart and he will renew the whole world in my heart. This is the secret of the Age of Mary. You have found his traces, his works, his manifestations but you have not encountered his essence, his internal fire, because you have not sought him in the secret dwelling place of my Immaculate Heart.”

*

*

*

*Truly, the tongues of fire came forth from The Holy Spirit through the Immaculate Heart of Our Lady to the apostles at Pentecost. And as we await the second Pentecost, the New Springtime, to take place at *The Great Warning*, once again a “Baptism of Truth” will take place on earth, originating in the Immaculate Heart of Our Lady through the workings of The Holy Spirit.*

Jesus has said through The Locutions: “These secrets will be on display for all to see in heaven, where every human being enters into the union between myself and my mother. How else can anyone be born to eternal life? She is the mother of all the living.”

I have written in other writings about the profound communion each soul has with Our Lady in Heaven. I wrote previously:

“Each of us in heaven enjoys a unique intimate relationship with Our Lady. Second only to God Himself, each of us is ever-closest and ever-present to Our Lady in a fullness more profound and in a deeper way that is set apart from the unity that all holy angels and saints have in the Communion of The Saints through The Body of Christ.”

“In order to comprehend this profound and deeply intimate relationship we have especially with Our Lady, one must understand the Divine Truth that the Most Sacred Heart of Our Lord Jesus Christ and the Immaculate Heart of Our Lady are so United as to be essentially One in God. They are identical Twin Hearts never separate or apart from one another. Wherever Our Lord Is, so Is Our Lady. They never walk apart or alone. Our Lady is Our Mediatrix of All Grace and Our Advocate of All Causes.”

“...And so, because of the unique Unity between the Twin Hearts of Divine and Holy Love, each of us has a uniquely profound communion with Our Lady. She is ever-present to us, just as Her Son, Jesus, Is to us in heaven.”

I speak this Divine Truth, because I witness this in my own life, in my own soul. It is hard for me to speak of these mystical gifts, because they are private for me, a hidden favor and special

blessings God has given to me in my faith journey. I only speak about this hidden grace with great reluctance, but others need to know the Truth of Our Lord and Our Lady's words to us today. People need to understand that these gifts and experiences are not limited to me or certain persons. God desires to shower these graces and favors on one and all.

I know that there will be some who will not believe my words. But, to those who look with the eyes of faith, I share this with you all, so you can enter into this profound mystical communion with Our Lord and Our Lady on earth, too. This journey of the faith is accessible to you, through the pathway Our Lord and Our Lady have provided for every soul at Holy Love Ministry (<http://www.holylove.org>). This is the pathway that I travel every day, each present moment, in my faith journey, towards *Unitive Love* and living in the Divine Will of *Our Heavenly Father*. I write down my experiences in these writings and various love-letters, so others can find *The Way*, too, and take this ultimate journey with me, for the Glory of God.

In the Locutions (<http://www.locutions.org>), Our Lady shares with us:

October 25, 2014

"In the midst of these problems, how do you find the way to peace? I will speak. Listen to my promptings. Where do I speak? In the quiet of your heart. I begin right now. Stop and listen. Do not fear if I chastise you. Some parts of your life might have to change. They are just obstacles that need to be swept away so you can see the road ahead."

"I speak in these locutions but they are external words, general words of guidance for all the world. I promise to also speak to every heart. How do I speak? What words do I use? From reading the locutions, you know that I speak clearly and simply. I do not use big words but little words that even a child can understand."

"You also know that I point out what needs to be changed but always with words of encouragement. You know that my words are filled with promises and hope. I speak gently and invite, so no one is scared away. This is how I will speak to you in your own heart."

"Can I not pour out the gift of locutions upon the whole world? I do not mean that I will give you great words that should be published. I will give you little words to guide you on your path. Once in a while, I will give you words for others, for your family or your friends. At times, I will want you to do a work for me. Then, I will speak more strongly in your heart, when you are better prepared."

"How faithful you have been in reading these locutions. By doing so, you have learned to listen to my words spoken in your own heart. Be still. Pray. Go into your own heart. You will find me waiting there for you."

And on October 29th, 2014, Our Lady promises to us:

"I invite the whole world into chambers of my heart that, up to now, have been accessible only to the great saints. Read the books of all those saints who wrote about me. Their gifts will be your gifts."

*

*

*

I am not a locutionist or a visionary or a messenger of God. I do not receive messages from Heaven that are to be published for the entire world. That is not the mission that God has given me.

I am a simple soul who desires all to come to know and love God and Our Lady. I am a poor sinner like everyone else. But, as God pours more and more of His Love into my heart, expanding my heart more and more, I cannot help but desire even more that everyone recognize the path that God has provided for them in their life. I cannot help but desire that everyone answer the *Universal Call to Holiness* of Our Lord and Our Lady at Holy Love Ministry.

God does not desire to limit His gifts or His favors. He desires that everyone become a "great saint" in His Eyes. I know that it is the express desire of God that every soul enter into the Fifth Chamber of The Most Sacred Heart of Our Lord. Just as He expressed at Holy Love:

"Hasten to live the message and begin your journey through the Chambers of Our United Hearts; for when I return in Victory, all will be in the Fifth Chamber of My Heart--the Kingdom of the Divine Will."

In conclusion, I desire to share this invitation from Our Lady to all through the Locutions. *God bless all!*

"Mary's Promises to Beginners"

November 25, 2014

Mary

"When the events begin, it will be too late. Many will find themselves unable to respond because they are bereft of any faith in supernatural help. They will not know the ways of God or how he can save them. They know only natural powers and human resources which will totally fail them in these events. So, I must explain my help."

"I am present to every person in the world. To each one, I offer my help. I do not limit my presence or my saving power. Some are keenly aware of this. They always experience my help and turn to me in every need. They also live according to the gospel teachings and are faithful to the Church. They understand my promises because they are already experiencing my presence."

"Now I speak to others. Through these locutions they are beginning to grasp the need for my help. They also see my promise and my new gifts that will be needed to face the future events which will severely change the whole world."

"To these I say, "You have beginning faith. Your hearts are filled with beginning light. You sense something new. Your mind has been plunged into all my promises. You see a new road which you want to walk. This road is true. The invitation is so vital. Follow these new hopes. Commit yourself to my ways. I am awakening you while there is still time. Follow these holy desires. Soon, you, too, will realize that I am always present, always helping and always leading. You have found the door to my Immaculate Heart. Enter quickly and remain there. You will be safe.""

Feast of Mary, Refuge of Holy Love - 12th Anniversary

(This message was given in multiple parts over several days.)

**Jesus and Blessed Mother are here with Their Hearts exposed.
Blessed Mother is Mary, Refuge of Holy Love.**

Blessed Mother says:

"Praise be to Jesus."

Jesus says:

"I am your Jesus, born Incarnate."

Blessed Mother:

"Dear children--apostles of My Heart--My Beloved Son sends Me once again seeking your reconciliation with the Will of God the Father. This cannot be accomplished outside of Holy Love. Therefore, once again I call all people and all nations into the Refuge of My Heart, which is Holy Love."

"Never allow Satan to discourage you in your prayer life. These days I have come to tell you that your prayers withhold the Arm of Justice. Even if a prayer is offered in the midst of great distraction, it is not lost; for I send angels to collect the fragments of such prayers. The angels carry the fragmented prayers to Me, which I mend and make whole--even beautiful in the Eyes of God."

*"I desire to be close to you during these troubling times. Realize that it is the Holy Love in your hearts which binds us together. Satan is ever-present and tries to pull us apart by weakening this bond through lack of trust in God's Will and unforgiveness towards one another." **

"I, your Mother, tell you to remain simple and childlike. Know that this alone confuses the enemy, for he cannot understand such a heart. When you pick up your rosaries, it is as though you are holding My Hand and I am guiding you through the Mysteries and along the path of Holy Love. I am always with you in prayer, especially the rosary. I will not abandon you."

"Threats against basic freedoms are all around you. Indeed, your country in the name of 'liberty' is surrendering its freedom. Only Satan could turn the truth inside out in such a way."

Pandering to the enemies of freedom may cost your president dearly. Evil that is in hearts will not change by paying it respect. It is naive to believe so."

"With a Mother's Heart, I plead for the conversion of sinners. My Son is most grievously offended by the indifference of so many towards the state of their souls. God's commandments are trampled underfoot by self-love. You have yet to experience the full wrath of God's Justice. Do not live as though it will never come. I tell you, angels tremble at the thought of that day. Do not support leadership which ignores God's laws in favor of pleasing man's whims."

"Today there is much concern for the spread of the flu virus. People fear for their lives, as it seems to spread worldwide. Close attention is given to this insidious pandemic. But I tell you, of far greater concern should be the epidemic of evil, which has gripped the heart of the world. This epidemic contaminates souls and robs many of their salvation. Thousands slip to their perdition through this contagion of compromise, deceit and inordinate self-love. The failure of mankind to even recognize evil at work is Satan's greatest weapon. He is free to do whatever he chooses from conception in the womb to invasion of childhood innocence to compromise of the faith, and even to challenging natural death. As long as evil is unacknowledged, it runs rampant."

"Dear little children, please understand that the grace of each present moment is a cooperation between the choices of free will and God's Divine Will. The greatest graces come into the present moment when the soul trusts and chooses to live in Holy Love; for instance, I cannot save the world from disaster by My efforts alone. I can only act in accord with the Father's Will and the efforts of mankind to live in righteousness. This is why I tell you, it is most important for each soul to discover the path of Holy Love and live in harmony with the Divine Will. Then the Father allows Me to spread My Mantle of Protection over you."

"Today as we celebrate My title 'Refuge of Holy Love', I invite you to reflect back upon the ways in which Heaven has tried to intervene here. I came at first seeking the title 'Protectress of the Faith'. This title could have saved the Church in America from so much heresy and liberalism, but it was judged 'unnecessary'. Jesus asked for the construction of the Church of Atonement--a mystical concept--made up of victim souls who sacrifice for the welfare of the Universal Church. These messages were not regarded in the light of truth either. The Revelation of the United Hearts was next followed closely by the Chambers of the United Hearts. This, too, had been held up to suspicion."

"It is necessary that you realize that such judgments levied against Heaven's helping hand do not support the truth, no matter the lofty position of those who decide to levy their judgments. Do not be tricked by Satan but begin to see that he seeks the destruction of the Church, the world and every soul."

"In the world you witness people wearing masks as protection from the flu virus; but, My children, the flu is just a physical threat. How much greater is the threat of evil which jeopardizes your eternal salvation. This threat, too, is invisible. I, your Mother, have come

many times to warn you that evil is all around you. I give you the cure, which is Holy Love, and I offer you the protection, which is the Refuge of Holy Love--My Immaculate Heart. I ask you, My children to be more concerned with exposure to evil than any physical disease, for evil is a disease of the soul."

"All that is rising to a head in the world dictates the need for Holy Love--as a guide towards purification and personal holiness--as a fortress and protection in spiritual warfare, and as a sign that mankind has not been abandoned by Heaven. Those who seek to find reasons not to believe have chosen to oppose these truths. But, My children, if Heaven did not see the urgent necessity of My title 'Refuge of Holy Love', I would not be here in your midst offering My Maternal care."

"Today I reveal to you for the first time, that the Flames above the heads of the apostles on Pentecost were sparks of love from My Heart of Holy Love. It is through these Flames that the apostles were able to proclaim the good news with Holy Boldness. So today I invite you to spread the good news of the Gospel message of Holy Love with the same Holy Boldness."

"We're extending to you today the Complete Blessing of Our United Hearts."

* Unforgiveness includes unforgiveness of self.

Note: Please refer to the two messages from St. Thomas Aquinas on May 9th in which he gives an explanation of the Tongues of Fire above the apostles that were a Spark from Blessed Mother's Heart.

"The Woman and the Beloved Disciple"

August 29, 2012

Jesus

"There were two special people, the disciple whom I loved and my mother. In my final hours, they consoled me as no one else could ever do. Frequently, I looked at them standing valiantly at the foot of the cross. They said no words and made no gestures, but I knew what was in their hearts."

"They were the two who were closest to my own heart. Their sorrows multiplied my sorrows. This is the truth about human life. The same love that consoles also increases the pain. A constant flow took place between our hearts, a flow of both consolation and sorrow."

"Finally, I had to say what was in my heart. "Woman, behold your son", and to the disciple "Behold your mother". That was the grace of my death. A believer would share in my relationship to my mother. From this flows every gift. So, I say to all the world, "Behold your mother". She will make you children of the Father."

"Death on the Cross"

August 30, 2012

Jesus

"Finally, death came upon me just as it comes upon everyone. My body could no longer support life and my soul no longer had a dwelling place. It was free to enter into eternal light. Suddenly, the heavenly realms were changed. The doors of heaven were opened and I led a multitude of souls, including my foster father Joseph, into heavenly glory."

"What I always believed, I saw, experienced and tasted. The will of the Father had been accomplished and now a light went from earth to heaven. What had been separated was now joined again. A new road was constructed by my human nature taken from my virginal mother."

"All could walk this road. I needed only to prove to the apostles that I was the way to the Father. This still lay ahead in the Father's plan."

"King of the Angels"

August 31, 2012

Jesus

"I entered into my glory, welcomed by all the angels and saints and united forever with my heavenly Father, an experience which every justified soul enjoys when they come to heaven. I am the first-born among the dead and those who were deceased first experienced my power to free them from captivity and to bring them into heavenly glory. These souls had awaited my coming and now they could rejoice in the fullness of God that had been denied them until I redeemed them by my Blood."

"But that is not all. Finally, the angels had their king. They had seen the mystery of my birth and had announced this to the shepherds. They had witnessed my agony in the Garden, and saw my death on the cross. Now they went before me as my soul entered into its glory."

"Manifestation to Mary"

September 2, 2012

Jesus

"There was a unique moment of my glory when I manifested my glorified presence to my mother. This is not recorded in Scripture because it was so internal to her spirit. Because the disciples needed bodily visions, I appeared to them to convince them of my rising from the dead. My mother did not need this. She was ready for the highest manifestation of my glory in the deepest part of her soul. This slightest touch of God effects greater glory than many lower gifts, like bodily visions."

"Such it was with my mother and this experience cannot be described in words. Also, it is continuous and constantly growing. She went from glory to glory, a glory unknown to men and angels. She was totally hidden in me, arriving at the center of my heart. From the time of my resurrection to the time of her Assumption there was a continuous growing union of our spirits. This happened only after my human nature entered into its glory. These secrets will be on display for all to see in heaven, where every human being enters into the union between myself and my mother. How else can anyone be born to eternal life? She is the mother of all the living."

"Age of the Holy Spirit"

May 10, 2013

Jesus

"I want to speak of the Holy Spirit, sent by the Father, in my name. He now lives and dwells with mankind. Although hidden from human eyes, he manifests himself constantly to those who know him and invite him to act. He manifests himself sometimes among those who know him but have little devotion to him. He hides himself from everyone who rejects me."

"All of that will change because the Age of Mary is really the Age of the Holy Spirit. The two are so closely joined, that one cannot be present without the other. This is the mystery being revealed now. The Spirit has chosen to take up his permanent residence within Mary. She is the Spirit's spouse, where he always stays. From her Immaculate Heart he pours out his divine fire."

Mary

"When my spouse, the Holy Spirit, came upon me to conceive Jesus, he grasped me and held me. He took me as his bride, like the proudest bridegroom on his wedding day. Since then, we have never separated. He has made his temple in my heart. From there, he has sanctified the Church and the world. Now, the mystery has to be revealed because the world so needs his divine fire. Where will you find God's Spirit, O world? He waits for you in my heart. He goes out to you from my heart and he will renew the whole world in my heart. This is the secret of the Age of Mary. You have found his traces, his works, his manifestations but you have not encountered his essence, his internal fire, because you have not sought him in the secret dwelling place of my Immaculate Heart."

"Speaking to Everyone"

November 3, 2013

Mary

"I want the whole world to look for my signs. I do not ask you to look up into the clouds, as if you would see me standing there. I want you to be still, to look into your own heart. Find there new stirrings, and new desires. They were not there yesterday. You find a new desire for God and for his friendship. Suddenly, you want to take up new religious practices."

"Secondly, you will begin to hear my voice. By reading my locutions, you realize that I speak in a quite human way. If you remain at peace and search your own heart, I will begin to speak to you in the same way. These will be little words. You will even write some down. You will say, "Mary is speaking to me". The daily locutions will guide you. You will not go off course. By reading these locutions, you know my interests and the helps that I offer. Especially, you have learned to hear my voice."

"The Secrets of the Saints"

January 23, 2014

Mary

"Too many hold back, afraid to seek God's favors. So, I myself bring you into God's presence. I present you to him as my special child and I plead for your every need."

"Among heaven's greatest gifts is the intercession of the saints, all the saints, both known and unknown. They plead every minute for you. They, who now see God, want you to see God. They, who live forever, want you to live forever. How incessant this pleading. How fruitful. It gains so many helps for you."

"You are not alone. All of heaven accompanies you on your journey. When you turn aside, and go off the road, the saints intercede even more. When you are fervent, they rejoice."

"Enter into this cloud of witnesses. Hide yourself in their company until the day that Jesus comes for you. Blessed are those whom he finds united with his friends. All will enter as one."

"Do not think of yourself as an individual walking a lonely path to the kingdom. You are in the middle of all the saints who accompany you. Just remain with them."

"Having Your Own Locutions"

October 25, 2014

Mary

"In the midst of these problems, how do you find the way to peace? I will speak. Listen to my promptings. Where do I speak? In the quiet of your heart. I begin right now. Stop and listen. Do not fear if I chastise you. Some parts of your life might have to change. They are just obstacles that need to be swept away so you can see the road ahead."

"I speak in these locutions but they are external words, general words of guidance for all the world. I promise to also speak to every heart. How do I speak? What words do I use? From reading the locutions, you know that I speak clearly and simply. I do not use big words but little words that even a child can understand."

"You also know that I point out what needs to be changed but always with words of encouragement. You know that my words are filled with promises and hope. I speak gently and invite, so no one is scared away. This is how I will speak to you in your own heart."

"Can I not pour out the gift of locutions upon the whole world? I do not mean that I will give you great words that should be published. I will give you little words to guide you on your path. Once in a while, I will give you words for others, for your family or your friends. At times, I will want you to do a work for me. Then, I will speak more strongly in your heart, when you are better prepared."

"How faithful you have been in reading these locutions. By doing so, you have learned to listen to my words spoken in your own heart. Be still. Pray. Go into your own heart. You will find me waiting there for you."

"The great mysteries unfold and the power contained in these flames of my love comes forth, only when I enter into a person's life. I must now reveal the great mysteries, hidden for all the ages and made known in this special time."

"I speak now to those who love me and serve me. I know your fidelity. I know your longing for me. But I say to you. You do not yet know me because so many mysteries that have been hidden will be hidden no more. As they come forth, you will see how small was the light that you previously had, like the light of the stars compared with the sun."

"I will be everywhere. I will consume your thoughts and fill your affections. What you received up to now was little. What you knew about me was quite small. All will multiply – your knowledge, your faith, your love, your surrender. This will prepare you for the multiplication of my blessings and protections."

"I declare a new day. Those who know me will understand that they did not know me. All of this will happen in the new light that I am casting upon the world. Do not judge as you judged in the past. Do not think as you thought before. The new light will open unseen vistas, new mysteries and deeper understandings."

"I invite the whole world into chambers of my heart that, up to now, have been accessible only to the great saints. Read the books of all those saints who wrote about me. Their gifts will be your gifts."

"Mary's Promises to Beginners"

Mary

"When the events begin, it will be too late. Many will find themselves unable to respond because they are bereft of any faith in supernatural help. They will not know the ways of God or how he can save them. They know only natural powers and human resources which will totally fail them in these events. So, I must explain my help."

"I am present to every person in the world. To each one, I offer my help. I do not limit my presence or my saving power. Some are keenly aware of this. They always experience my help and turn to me in every need. They also live according to the gospel teachings and are faithful to the Church. They understand my promises because they are already experiencing my presence."

"Now I speak to others. Through these locutions they are beginning to grasp the need for my help. They also see my promise and my new gifts that will be needed to face the future events which will severely change the whole world."

"To these I say, "You have beginning faith. Your hearts are filled with beginning light. You sense something new. Your mind has been plunged into all my promises. You see a new road

which you want to walk. This road is true. The invitation is so vital. Follow these new hopes. Commit yourself to my ways. I am awakening you while there is still time. Follow these holy desires. Soon, you, too, will realize that I am always present, always helping and always leading. You have found the door to my Immaculate Heart. Enter quickly and remain there. You will be safe."

Monthly Message to All Nations

Jesus and Blessed Mother are here with Their Hearts exposed.

Blessed Mother says:

"Praise be to Jesus."

(Jesus and Blessed Mother were surrounded by the Rosary of the Unborn. There were large angels stationed at each of the 'Our Father' beads.)

Jesus:

"I am your Jesus, born Incarnate."

"I have come to ask you to stop killing the life I lovingly place in the womb. Each life that is snuffed out changes the world forever."

"My brothers and sisters, I come to you today clothed in truth and openness. I hide nothing from you. I have no ulterior motive aside from the safety, salvation and well-being of every soul from the moment of conception until natural death. I beg your country today to take heed of My call to end legalized abortion. Do not wait until My solution is your last alternative."

"I desire that all humanity unite under the Seal of Holy and Divine Love--the two great commandments that embrace all the commandments. Yes, I long to place My Kiss of Divine Love upon the heart of the world. Then abortion would cease--war would end and terror would lose her grip upon the throat of the world."

"My brothers and sisters, it is when you do not place God first, and when you do not love your neighbor as you do yourselves, that right reason leaves you. Your consciences become compromised and you cannot distinguish good from evil. This is the state of confusion governments are in when they legislate unjust laws. It is the state of convoluted thinking that leads people to acts of terror. This is how souls open their hearts to Satan. The world cannot prosper in such confusion. Little by little, Satan is establishing his anarchy--first in hearts--then in the world."

"But I have come to tell you what the adversary does not want you to hear; that is, that every Mass you attend, every Communion you receive, every holy hour you make, every prayer or

rosary you say, weakens the enemy forever in some soul somewhere in the world. This is the way to victory, little by little--one soul at a time patiently persevering in Holy Love."

"The war you are engaged in is not over property or even lives. It is about souls. It is good against evil. This is why I come here today seeking to place My Seal upon your hearts. My Seal is Holy and Divine Love. It is a sign to Satan that you belong to Me spiritually, and he can't have you. But I can only place My Seal upon your heart when you obey the two great commandments of love. Hasten to live the message and begin your journey through the Chambers of Our United Hearts; for when I return in Victory, all will be in the Fifth Chamber of My Heart--the Kingdom of the Divine Will."

"In truth I tell you that your nation's stance on legalized abortion is the determining factor in your national security. For years Heaven has stood by and watched as the security of the baby in the womb was violated and life taken. Solemnly I tell you, recognize abortion as a face of evil and an enemy to world security. You will not have genuine peace until abortion is overturned. Do not see My words to you today as a threat, but as a grace."

"We are blessing you with the Blessing of Our United Hearts."
