

SPECIAL COMMENTARY:
Prayers For Protecting Your Home And Your Family From Nuclear Attack

By a soul
(Feast of the Eve of the Purification, February 1, 2018)

In two recent messages at **Holy Love Ministries** (<http://www.holylove.org>), God Our Father said these words:

January 18, 2018

“I always have the perfect plan even in certain failure.”

January 29, 2018

“I am the loving Father of all people and all nations. I cannot change the choices people make. I can change the consequences and circumstances that are the result of free-will choices.”

I have been reflecting a lot on these words, as I have written much lately about the possible realities for mankind's future and Our Father has been speaking a lot lately about how to prepare our hearts for the future, for whatever may happen.

In September 2017, I wrote a special commentary called, **“Prayers for Creating A Refuge and Self-Protection”** (<https://maryrefugeofhollylove.com/2017/09/26/special-commentary-prayers-for-creating-a-refuge-and-self-protection-by-a-soul/>), which I suggest that everyone read. This special commentary is a continuation of the thoughts of that commentary, which I hope will also be helpful for many people. In particular, I am doing this writing to help people protect their homes, property, and families, from nuclear attack. Because only God knows the future, but there are things that we can do to help ourselves to prepare for whatever might come.

The fact is, Our Father has said that while He cannot change the free-will choices that people make, He can mitigate and change the resulting consequences, circumstances, and effects of those choices. While reflecting upon these words, I recalled a posting that I did in December 2015 (See: **Part Three – The Only Solution More Powerful Than A Nuclear Weapon – Our Lady of Fatima**, <https://maryrefugeofhollylove.com/2016/12/05/part-three-the-only-solution-more-powerful-than-a-nuclear-weapon-our-lady-of-fatima/>), which was about a group of German monks who were devoted to Our Lady of Fatima and miraculously survived being at the hypocenter of the nuclear bomb dropped at Hiroshima, Japan, during World War II. Both their monastery and themselves were miraculously preserved by Our Lady.

The monks suffered no ill-effects from the resulting radiation and all of them lived long, healthy lives. This miracle is well-recorded in history with the monks undergoing many medical and scientific tests over the years by the Japanese, German, and American governments, etc. In my post, I include two short videos with the monks speaking about the miracle.

On that day of August 6, 1945, Our Father could not change the free-will choice of Our President and the American government to drop the nuclear bomb on Hiroshima. But, what Our Father could do was mitigate the circumstances and effects for those who believed and trusted in Him. And that is what Our Heavenly Father did for His children, the monks who survived. It did not matter that they were “German”—the enemies of the Axis government of Adolf Hitler, who was slaughtering His children, the Jews. In that moment, Our Father saw the monks as His children, too, and I believe, because they were Christians, that these special men of God were doing their best to spread the message of love for God, despite the terrible times and government they were under. Only God can truly judge men's hearts, but I mention this fact, because in a nuclear war, no one wins—no one can claim that they are truly the “good ones” with a “righteous” reason for dropping a nuclear bomb. Sometimes, our leaders can choose to do things that are not good, but thankfully, we are not judged by what our leaders do or think, but individually, as who are in our hearts—good or bad—before God.

And so, I write this, saying that it does not matter which side we are on if a nuclear war happens. I hope that my words help people to survive and keep hope and trust in God. God loves ALL His children, no matter what. As the song goes, *“they will know we are Christians by our love.”*

And so, in my September commentary, I wrote of three ways to protect our homes, particularly, if we are interested in having our properties become a refuge during the Great Tribulation. They are: 1) keep a blessed **Seal of The Living God** displayed in our homes (**Book of Truth – Maria Divine Mercy**); 2) have our properties blessed by a priest using the refuge protection prayers given to **Prophet John Leary** (<http://www.johnleary.com>); and 3) to pray and place four canisters of blessed objects on the four corners of our property (according to instructions given to visionary, Anna Maria of the **Apostolate of the Green Scapular**, <http://www.greenscapular.org>).

Now, let's be honest here. For most of us, it is going to be hard to have a Seal of the Living God blessed by a priest, because most priests do not believe in the Book of Truth and they have misgivings about 7th messenger, Maria Divine Mercy. Also, it is going to be even harder to find a priest to bless our homes according to the prayers given to Prophet John Leary, because most priests do not believe we are living in the End Times and have no interest in helping to create a refuge. Also, for many of us, maybe we do not want our homes to be a refuge for the entire time of the Great Tribulation—it is

certainly a lot of work and not everyone has the abilities to lead such an endeavor, etc. However, I do recognize that many of us want to protect our homes and families until the time we are called to the refuges. And certainly, if a nuclear attack happens, we want our homes and families to be protected. So, in this special commentary, I am going to share with you additional things that you can do to prepare for whatever may happen in the future. These are things that you can do even if you do not have a priest that believes in the Book of Truth (Maria Divine Mercy) or in refuges, etc.

Firstly, recognize that even though you may not be able to get a Seal of The Living God blessed by a priest, God will still honor the blessings if you display it in your home. The Seal of The Living God protects both property, body, and soul. Unlike the Brown Scapular of Our Lady of Mount Carmel which only protects the soul, keeping the Seal of The Living God on your body—physical person—will protect you from all physical harm during the Great Tribulation. So, I highly recommend that you keep the prayer on your physical body, either on a business card in your wallet, or you can purchase a Scapular of the Seal of The Living God to wear from **Christogifts** (<https://www.christogifts.com/en/>). These items should be easier to get blessed after The Great Warning. I also suggest that people who have the resources to create business cards with the prayer of the Seal of The Living God on them. That way, you have many cards to give your family, friends, neighbors, church, etc. You could be the source of blessings for many people.

Secondly, for those who have the resources, I suggest that you create the four canisters of blessed objects that I write about in my September commentary and place them on your property. It will be easier for you to have these objects blessed, because the items are not controversial (for example, they consist of a St. Michael medal, Miraculous Medal, etc.). Please note, one of the things that should be in the canisters are pieces of blessed palm leaves from Palm Sunday. So, if you need this item, please remember to save your palm leaves this coming Lent. Also, for a small donation, the prepared canisters are available through the bookstore of the **Apostolate of the Green Scapular** (https://greenscapular.org/web_folder/Bookstore.html).

Next, I want to mention at this point, that there is no limit to the number of blessings that can be given a home, property, or person. Except in the rare instance that a person should only receive the Most Holy Eucharist once a day (and even that is not an absolute rule, as you can receive the Holy Eucharist at Saturday morning Mass then at Sunday vigil Mass later that day, or in danger of death), a person can be blessed multiple, countless times. I remember reading of one holy Saint who would receive “spiritual Communion” a hundred times a day as part of her prayer to the Lord. Just thinking about this Saint's devotion amazes me, because she considered her daily reception of the Most Holy Eucharist to be her “gold” and the “spiritual Communions” to be her “silver” coins in Heaven. And I truly believe this Saint must have the hugest pile of treasure in

Heaven—I cannot even imagine it!

Recently, I wrote in my commentary, “**Yes, the Holiness (Faith) of a Priest Counts**” (See:

<https://maryrefugeofholylove.com/2018/01/12/commentary-yes-the-holiness-faith-of-a-priest-counts-by-a-soul/>), that any priest that limits blessings on items is doing a disservice to his flock. The fact is to limit blessings on an object or person is to limit the generosity of God! I have holy oil that has over 55 priestly blessings. It has been blessed by popes, it has been blessed by exorcists, etc. Did any of those popes or exorcists or holy priests say, oh, no, I cannot bless this holy oil, it has already been blessed? No! And so, today, I am blessed to have this holy oil that I am afraid to use, because it is so holy—I am partially joking, but I know some people can relate—perhaps, they have a relic or a blessed item that is so precious to them, they keep it hidden in a special place, afraid to use it—it is so holy! (Yes, that is me, *a soul!*).

And so, if you can do all my suggestions—wonderful! And if you can only do one—wonderful! Whatever you do, be happy to be blessed by God!

Now, besides my three earlier suggestions in my September commentary, here are my two additional suggestions to especially protect yourself, your family, and your home from a nuclear attack (or even natural disaster). You may find these suggestions easier to do given your circumstances and resources, etc.

Firstly, I recently found out about a little-known promise from Our Lord Jesus Christ to St. Faustina about the **Divine Mercy Image** (1930s). The promise is not found in St. Faustina's Diary or her public letters, but it is believed to be recorded in other writings from her that were given to her confessor and used as part of her cause for canonization. The little-known promise was revealed by her confessor in a booklet. The promise is this:

JESUS said: *“I will save those cities and houses in which this Image will be found.”*

JESUS also said: *“I will likewise protect the persons who will honor and trust in My Mercy.”*

(See article source: **Mailbag: How I invoked Divine Mercy During Hawaii Scare**, <http://spiritdaily.org/blog/news/mailbag-how-i-invoked-divine-mercy-during-hawaii-scare>).

Now, for those who may not have access to an Image of the Divine Mercy, if you download a copy of this special commentary, I am including two pictures of the original Divine Mercy Image approved by St. Faustina. So, you can print them out and place

them in your home. These Images should be easier to get blessed by a priest—if you can—as this is an approved universal devotion in the Catholic Church (established by Pope John Paul II). If you would like to learn more about the **Divine Mercy Devotion**, here is an informative website: <http://divinemercyforamerica.org/action-plan/utilize-the-promises/>

And my second suggestion is to do the **“Family Consecration To The United Hearts.”** Basically, it is a short prayer ceremony in which you gather your family together, read a few short scripture passages and say a family consecration prayer to God and Our Lady. Then, you display **Images of the United Hearts and Mary, Refuge of Holy Love**, in your home (the images do not need to be blessed). This Family Consecration will act the same as the Lamb's Blood did for the Israelites protecting them from the Ten Plagues in ancient Egypt. The Family Consecration will protect families and homes from evil.

More information can be found on this blog page. Also, if you download the Consecration Prayers, it includes the Images of the United Hearts and Mary, Refuge of Holy Love, for those who need a copy to print out.

For The Church, All Nations, All Families, All Individuals – Consecration Of The Heart Of The World To The United Hearts Of The Most Holy Trinity In Union With The Immaculate Heart Of Mary

Now, if you decide to do both the Divine Mercy Image and the Family Consecration to the United Hearts in order to protect your family and your home, I think that a wonderful way to approach it, is to first do the 9-Day Divine Mercy Novena in preparation for the Consecration ceremony. Then, as part of the Family Consecration, to also recite the Divine Mercy Chaplet together, and to display the three Holy Images together in your home.

For those who also want to do the blessed canisters, remember that you will need the blessed palm leaves from Palm Sunday as part of the items. I think that it would be wonderful if many people this Easter season, made this part of a special celebration for Divine Mercy Sunday. God and Our Lady would be truly honored by such acts of devotion. So many blessings!

In conclusion, I pray as always that many people are blessed by my words and that I am helpful. God bless each of you, your families, and your loved ones.

In Christ's Love,
a soul
