

**DETAILED INSTRUCTION WITH PHOTOS ON MAKING  
THE POWERFUL GOOD FRIDAY HOLY OIL  
FOR HEALING OF COVID-19 AND ITS VACCINES**

*(MaryRefugeOfSouls)*

April 27, 2021

*Blessings beloved ones,*

"Angel", a devoted follower of *MaryRefugeOfSouls*, has provided me some **detailed instructions with photos on how she made the Good Friday Oil** this past Catholic Good Friday (April 2nd). She would like me to share them with fellow blog followers, so people can have a good idea of how easy it is to make the Oil -- as she and her friends thought that they might have problems making the wick, but it turned out to be easier than they thought the first time that they did it and they plan to **make some more Oil this upcoming Orthodox Good Friday, April 30, 2021.**

Also, I am excited to say that Angel has a powerful personal testimony to share with everyone about how the **Good Friday Oil has already been used for healing a man who was in a coma due to the Covid-19 vaccine.** Please read it below.

Angel also has more healing stories about using the Good Friday Oil to share with me, which I hope to make a testimonial blog post this Friday so people can read and download the stories. That way, as people that you know become sick, you can share the testimonies with them so they will be encouraged to use the Oil on themselves and their loved ones in need.

Also, if you have a story about the Healing Oil that you would like me to share as well on this blog, *MaryRefugeOfSouls*, please **send the testimonies to me using my CONTACT ME form** and I will include them on the upcoming blog post.

**Please also see these two recent blog posts to find out more about making the Good Friday Oil:**

**Reminder – Last Opportunity To Make Good Friday Oil to heal vaccinated people this Friday, April 30, 2021 (Good Friday in Eastern Orthodox Church) –**

**MaryRefugeOfSouls**

<https://maryrefugeofsouls.com/2021/04/27/reminder-last-opportunity-to-make-good-friday-oil-to-heal-vaccinated-people-this-friday-april-30-2021-good-friday-in-eastern-orthodox-church-maryrefugeofsouls/>

**Second Opportunity for All Christians – Recipe for Good Friday Healing Oil for Coronavirus and Those Vaccinated – April 30, 2021 (Good Friday, Eastern Orthodox Church) – MaryRefugeOfSouls**

<https://maryrefugeofsouls.com/2021/04/17/second-opportunity-for-all-christians-recipe-for-good-friday-healing-oil-for-coronavirus-and-those-vaccinated-april-30-2021-good-friday-eastern-orthodox-church-maryrefugeofsouls/>

Also, when speaking with a dear friend, we discussed how after you make the Good Friday Oil, there is **left-over Oil at the bottom of the container** that you cannot place easily into smaller vials. We agreed that it is **good idea to have extra cotton on-hand like cotton balls or cotton gauze pads, so you can soak up the blessed Oil and to place that in small plastic bags (with attached prayers)**. That way, no Healing Oil is wasted and it is ready to hand out to people who may be sick or harmed with either Covid-19 or the vaccines.

Finally, I ask that you kindly say a "Hail Mary" prayer for Angel, as a thank you for doing this write-up for the blog as well as for collecting the healing testimonies that I will be sharing this upcoming Friday. She experienced a bit of spiritual warfare in doing this project, as mr. ugly does not appreciate all the people that are being helped by her good work! Thank you, Angel!

*God bless,  
--a soul*

**FROM "ANGEL" - A DEVOTED FOLLOWER OF *MaryRefugeOfSouls*:**

**We have another opportunity to make the Powerful Good Friday Healing Oil @3AM on April 30th Orthodox Christian Good Friday! I have many Testimonies of the people whom I know including my own Testimony regarding God's Powerful Good Friday Healing Oil!**

**One of the Powerful Testimonies regarding Good Friday Healing Oil** that I would like to share with You, God's People is that I have a friend whose husband is in the hospital. He was tested positive for Covid at the hospital when he came in for some respiratory problem. While in the hospital, they gave him Covid-19 Vaccine. He then decompensated/deteriorated quickly and has developed more medical problems and has gone into a coma.

I've gotten to know this friend through another friend via texting. I've just recently met her in person less than 3 weeks ago when I gave her some of my Good Friday Oil that I've made on April 2nd Roman Catholic Good Friday. God put in my heart that her

husband needed to be anointed with Good Friday Oil and that I had to let her know about it. I then told her that she needed to put Good Friday Healing Oil on her husband's forehead ASAP.

She asked me where she could get Good Friday Oil. Although I've texted her the instruction for making Good Friday Oil, she did not make this oil on Good Friday April 2nd. I told her that I could give her some of my Good Friday Oil to be applied on her husband's forehead and that was when I've met her at my Church for the first time the day after I told her about Good Friday Healing Oil for her husband.

After giving her the oil, she has tried to have the oil put on her husband's forehead without success after many attempts. She has encountered many obstacles. They, the doctors and nurses including the nurse supervisor, would not allow her to visit her husband until the Hospital Administrator allowed her to do so which would be after her completion of the 2nd dose of Covid-19 Vaccine. She has asked if they could put the oil on her husband's forehead for her but they refused to do so. This obstruction has been ongoing for about 1 week after I've already given her the oil.

I then told her Let's Pray to God asking God to Please open the door. On April 19, 2021, a day after Praying God asking for His Help, she called the hospital to talk to her husband's doctor and found out that he has just gone on a short-term vacation. She asked to speak with the Physician Assistant but he was not there either. She then asked to speak with the nurse who has been taking care of her husband and he was also not there. She also found out that that nurse supervisor was also not there either.

When she has spoken to a nurse who was taking care of her husband on April 19, 2021, she found out that this nurse was new and that it was his first time there and was also his first time taking care of her husband. She asked for this nurse's help in applying the oil on her husband's forehead and told him the whole story how they would not allow her to do so and they would not do it for her either. This new nurse said that he would try to find a way to sneak in that bottle of oil and that he would apply the oil on her husband's forehead for her.

She then asked me what kind of Prayer that she should write down to give it to this nurse to recite for her husband when Good Friday Oil being applied on her husband's forehead. I told her to just say the Prayer that came straight from her heart. So, I told her that she had to acknowledge God's Omnipotent Power, God's Immense Love, and God's Infinite Mercy and God's Powerful Good Friday Holy Healing Oil given to us out of His Immense Love and Mercy and to Thank and Praise God!

So, she gave that nurse Good Friday Oil Bottle and the Written Prayer. This nurse then did exactly what she has requested him to do. In short, through Prayers, God has Sent a

Godly Nurse to anoint her husband's forehead with His Powerful Good Friday Holy Healing Oil! On the same day, a few hours after that Godly Nurse has already anointed her comatose husband's forehead with Good Friday Healing Oil in the form of a Cross, she was doing FaceTime with her husband and she said that her husband's eyes were wide open, and he was blinking and was also tilting his head.

**She said that she was in a total shock! So, her husband woke up from his coma after being anointed with God's Powerful Good Friday Holy Healing Oil!**

**ALL GLORY BE GIVEN TO THE OMNIPOTENT, LOVING, AND MERCIFUL GOD ALMIGHTY, THE HOLY TRINITY !!!**

**GOOD FRIDAY HOLY OIL HAS 3 BENEFITS:**

- 1. FOR HEALING OF ALL KINDS OF ILLNESSES.**
- 2. FOR PROTECTION.**
- 3. FOR DELIVERANCE.**

**Prophet John Leary  
Friday, April 2, 2021  
(Good Friday 3:00 a.m.)**

**Jesus said:** “ ..... You had your bowls of extra virgin olive oil with the flames on wicks that floated in the oil. You prayed your 33 Apostles’ Creed, and your 7 Hail Holy Queen prayers. **I will bless this oil with your faith in Me that it could be used to heal people of illnesses. You can also take some of this oil and make a cross on those people’s foreheads who have been vaccinated so their immune system will be healed, and they will survive the next virus attack.** Believe that they can be healed by My power, and it will happen. ....”

**DETAILED INSTRUCTION FOR MAKING THE POWERFUL GOOD FRIDAY HOLY OIL @ 3AM ON ROMAN CATHOLIC GOOD FRIDAY AND AGAIN ON ORTHODOX CHRISTIAN GOOD FRIDAY.**

**THE TWO DATES OF GOOD FRIDAY FOR THIS YEAR 2021: APRIL 2ND AND APRIL 30TH.**

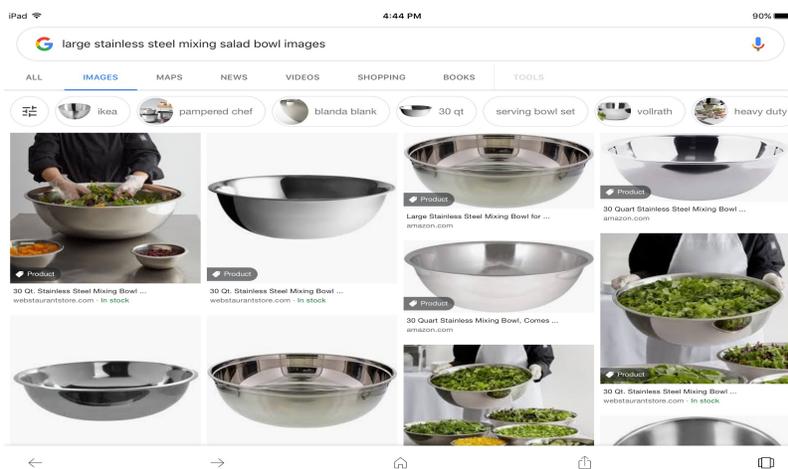

### **1. Using EXTRA VIRGIN OLIVE OIL.**

-I bought 100% Spanish Extra Virgin Olive oil at Costco 3L/bottle. Costco also has 100% Italian Extra Virgin Olive oil but only 2L/bottle for the same price.

-It is not necessary to have the oil blessed by a Good Priest before making Good

Friday Oil. However, I got mine blessed for Exorcism i.e using the Old Rite because I knew that I would Not be able to get every single last drop of the oil out of the oil bottle into my bowl.

## 2. Using Stainless Steel, Glass, or Ceramic Bowl/Container.

-I used a Large Stainless Steel Salad Bowl which I bought at Ross. I used a Large Bowl in order to be able to make a lot of oil.

**-IMPORTANT:** PLEASE make sure beforehand that the Bowl/Container which will be used for the oil is larger than the quantity of the oil or large enough so that the oil will not overflow.

## 3. Pouring the oil into the Bowl/Container.

-Emptying the entire bottle of oil into a stainless steel salad bowl.

-You can make as many Liters/Quarts of oil as You want depending on how many Liters/Quarts that your salad bowl can hold.

## 4. Pouring the Precious Good Friday Oil back into the Empty Oil Bottles after finishing making this oil.

-If you've decided to make a whole bottle of the oil, then after making the Good Friday oil, you can just pour all of the oil back into that empty oil bottle using a Funnel which is available at a Dollar store if you do not have one. You can make as many liters/quarts of oil as You want and can have several large stainless steel salad bowls at the same time.

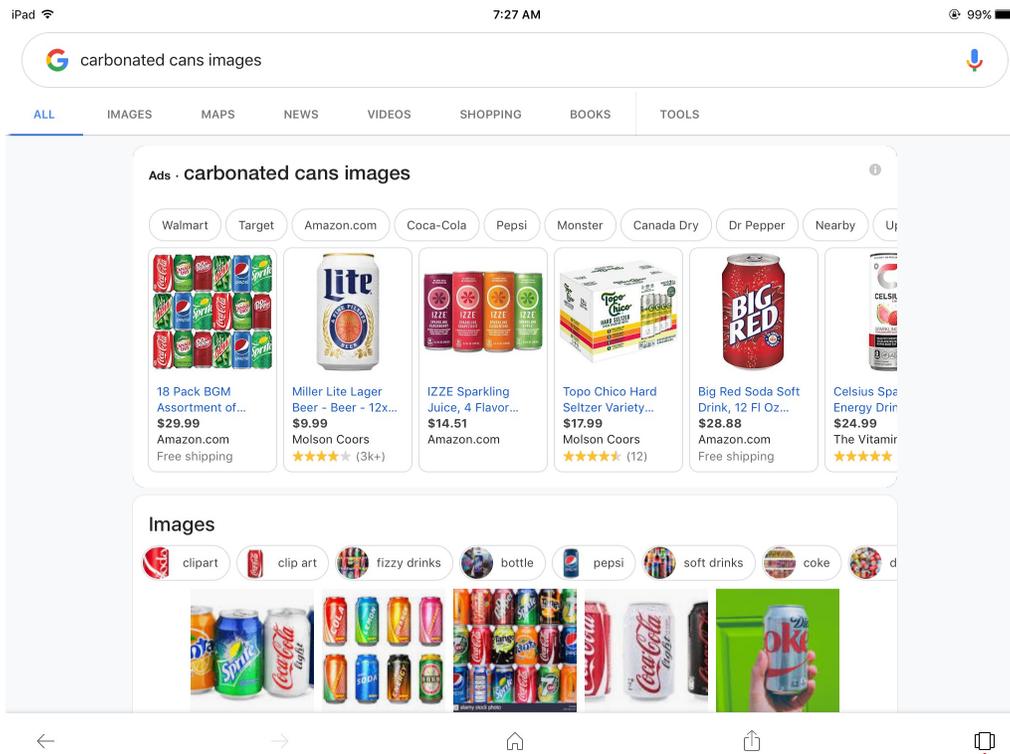

-At the end of the transfer of the oil back to the empty oil bottle, PLEASE DO NOT WASH the oil bowl containing the Precious Good Friday Oil right away. You will be surprised how much oil will be on the bottom of the bowl after you have allowed time for the oil to settle on the bottom of the bowl. Please let all of the Precious Good Friday oil settle on the bottom of the bowl so that you can collect as much of this Precious Oil as possible prior to washing the bowl. You can use the Pipette in order to collect every single last drop of the Precious Good Friday Oil inside the bowl. The Pipettes are available at Michaels.

## **5. Using Aluminum can, Carbonated can, or Jar Lid for Insertion of the Wick.**

-Since I have a Cat and am feeding her with Friskies Can Food, I used this Aluminum Can. God's Holy Spirit put in my heart that I could use it instead of a Jar Lid. I said to myself: "Wow! What a Great Idea! Why didn't I think of that?"

-This Aluminum Can is thin and therefore a Hole can easily be punctured in the bottom using a Nail. It is also light and thus it can easily float on the surface of the oil which is inside the bowl.

-One of my friends used a Carbonated Can which can be cut with a pair of scissors, the bottom 1/3 of this Can.

## 6. Making a Hole in the middle of a can or a jar lid.

**-ATTENTION - EXTREMELY IMPORTANT:** PLEASE make a hole its size just enough to fit the wick with the desired wick thickness. Thick wick is preferable over the

thin one. If the hole is accidentally made bigger than the thickness of the wick, then all you have to do is to just fill the hole with more cotton threads until the hole is tight without any openings for the oil in the bowl to seep through to get inside the Aluminum Can. If the hole is not tight i.e. if the hole is not being filled with enough cotton threads, then the oil in the Bowl will leak inside the Aluminum Can. If too much oil leaked inside the Aluminum Can, then the Flame will be extinguished quickly and even before finishing reciting the Prayers. The Flame should be on and burning while we are reciting ALL of the Prayers till the end.

## 7. Thickness of the Wick: It can be between 1/4" to 3/4" (inches)

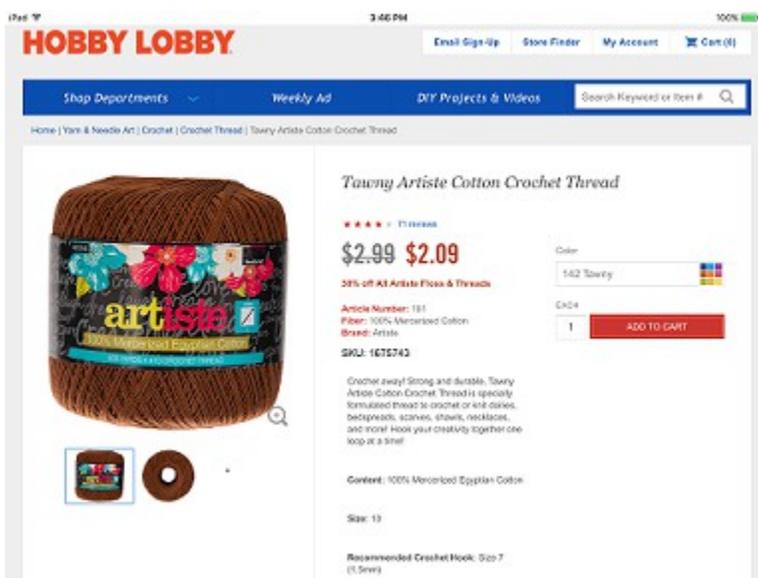

-The Top End of the Wick i.e. the Non-oil immersed part of the wick can be about 1".

-The Bottom End of the Wick i.e. the part of the wick that will be immersed inside the oil in the bowl can be from 2/4" to 3/4". You can make it longer but it is not necessary to do so. You do not want to make it long (for example 1") because it will absorb the Precious Good Friday Oil. However, it is up to Your preference.

-The Bottom End of the Wick is immersed inside the oil which serves as a Fuel for the Top End of the Wick to be able to burn.

## 8. Using 100% Cotton for making the Wick.

-The Wick burns very well if it is made out of 100% Cotton.

The screenshot shows the Hobby Lobby website interface. At the top, there's a navigation bar with "Hobby Lobby" logo, "Email Sign-Up", "Store Finder", "My Account", and "Cart (0)". Below that is a search bar and navigation links like "Shop Departments", "Weekly Ad", and "DIY Projects & Videos". The main content area displays a product page for "Tauany Artiste Cotton Crochet Thread". The product image shows a large ball of brown thread with a colorful label. The price is listed as \$2.99, crossed out, and \$2.09. A red banner indicates "25% off All Artiste Fibers & Threads". The product description includes "Crochet away! Strong and durable, Tauany Artiste Cotton Crochet Thread is specially formulated thread to crochet or knit dishes, bedspreads, scarves, shawls, neckties, and more! Hook your creativity together one loop at a time!" and "Content: 100% Mercerized Egyptian Cotton". The size is listed as "Size: 13" and the recommended crochet hook is "Size 7 (1.5mm)".

-I will be using **100% Egyptian Cotton Thread** which I have already tested it. I should have used it the first time when making the oil on Roman Catholic Good Friday. 100% Cotton gives a Strong Flame and lasts for hours. It lasted about 4 hrs when I've

tested it. 100% Egyptian Cotton Crochet Thread was the idea of one of my friends. This idea of my friend is Incredibly Ingenious and I've told her so! **It was so extremely easy to make this wick as can be seen in the photos! It worked so incredibly well when I've tested it!**

-I did not like the Wick at Michaels because it has wax on it and so some of the wax got into my oil. Plus, this Wick did not work well for me at all.

-I did not like using Clothesline as a wick because it is only partially cotton - only the outside cover is made out of cotton. The Cotton part burns but not the Non-cotton part. And therefore it does Not have a strong flame. I have tested it and the flame was weak and I was fearful that it might extinguish quickly. However, the flame lasted for about 1hr 40min when I've tested it. But I still am fearful that the small wind/one's accidental hard breathing might extinguish this small flame. So, to be on the Safe side, 100% Cotton should be used instead. When I've tested the Clothesline wick, it was difficult for me to get the whole thick wick through the hole which I've made just to fit the wick thickness, otherwise if the hole is larger than the Clothesline wick which has been already made thick by the manufacturer, then the oil in the bowl would seep through and if a lot of oil seeped through and got inside the Aluminum Can then the flame would be extinguished. I used a plier to pull the thick Clothesline wick through the hole but still it was not easy for me to do so.

**9. Only One Flame is needed per One Bowl of Oil.**

**10. Putting Blessed Religious Items such as the Statues or Images of God The Father/Our Lord Jesus/Holy Mother in the area where the Good Friday Oil will be made.**

**11. Starting to Pray 33 Apostle's Creed and 7 Hail Holy Queen at 3AM. Therefore, the 100% Cotton Wick can be ignited before 3AM.**

**12. Please test the wick beforehand so that you are going to feel comfortable when making Good Friday Oil.**

**13. If Possible, PLEASE make a lot of Good Friday Healing Oil so that you will be able to give it away to many of Your Loved ones and to many other people whose Loved ones are ill or will be ill in the future. Good Friday Healing Oil is for the Healing of All Kinds of illnesses.**

**14. PLEASE let as many people know as you possibly can and Please pass this detailed instruction on to many people so that they will know **how incredibly easy it is to make this Powerful Good Friday Healing Oil** that will Help Save their Loved ones from**

dying of the Covid Disease and from dying in the future due to the second attack of the deadlier Coronavirus especially those who have already been vaccinated with the Covid-19 Vaccine.
